

WHAT ABOUT VILTIS?

Viltis and Vyts were laid up for a while. Vyts was determined as long as there is life, there is Viltis (Hope)! One can't give up hope, or we certainly are lost. With this determination Viltis is reappearing again and we hope to have Viltis coming out, like Vyts "Stronger and Fatter". However, I will need your help as well as suggestions for improvement.

Thinking in terms of the future, and considering my own physical limitations, that is; — No more chasing around all over the country for one-day teaching stands and trying to make schedules at impossible terms. With your help, I am sure, I could build up Viltis not only to the position of one of the finest folk magazines in the country, but also one which could be renumerative for all to put into it. I, therefore, ask of you to send in subscriptions for yourself and for your friends and let's make Viltis "The Hope Of The World".

If you are a subscriber and issues are still due you, the new date of expiration of your subscription will be marking it means that no issue are owed you.
